

How to read the bank and account numbers from your check

Your Bank Number falls between the 1: and 1: markings.

Your complete Account Number falls between the second 1: and 1: markings.

The Bank Number and Account Number on the authorization form would be completed for the sample check as follows:

Bank Number
1 2 3 4 5 6 7 8 9

Account Number
0 2 2 9 9 9 - 9 9 9 9 9 9 9 9

Hyphens should be entered, but spaces should not be included.

Identifying your number can be difficult. Therefore, please attach a voided or cancelled check in the space provided above, so we can verify this information.
