

Step One: Parenthetical Notes in the Text of Your Paper

Always cite when you quote sources, paraphrase them, or summarize their ideas in your paper, like this:

If the author whose ideas are being summarized or quoted is not named in the sentence, include the author's last name and the date of publication in parentheses.

Social networking is good for students, not bad for them (Sanders, 2010).

If the author's name is included in the sentence, the note has two parts. The date is inserted after the author's name. The page number is listed at the end of the quote, preceded by the abbreviation "p."

Klinger (2010) wrote that the story "symbolized the frustration of women being confined" (p. 53).

Step Two: The References Page at the End of Your Paper

The References page is at the end of your paper, alphabetized by authors' last names, and double-spaced.
