The Nursing Department (Accredited by the Accreditation Commission for Education in Nursing (ACEN) and registered by the New York State Education Department offers a program that prepares students to become competent members of the health care team, qualified to render effective nursing care in health service agencies, hospitals, and community and long-term care facilities. The nursing program is a combination of classroom theory and practice of clinical skills in selected health care facilities and in the College nursing skills and simulator laboratories. Graduates are well prepared to be collaborative health care participants responsible for facilitating maintenance of health, improvement of health status, prevention of illness and alleviation of suffering.
