25 Broadway, 8th Floor
(212) 346-8410
CAREER PATHWAYS

BMCC Continuing Education offers a series of career pathway programs that enables individuals to secure a job or advance in a demand industry or occupation. Examples of our Pathway Programs are:

• Medical Assistant Specialist (MAS)  
• Electronic Health Record  
• Computer Network Support Specialist

These pathway programs lead to an associate degree while students are employed in high demand fields. The aim is to ease and facilitate students’ transition from pre-college courses to community college and credited post-secondary programs and from community college to university or employment. To learn more please visit our website at www bmcc cuny edu/ce.
To excel as a leading innovator in Continuing Education and Workforce Development with high quality programs that align with BMCC’s strategic goals and that prepare students for degree completion, career achievement, and lifelong learning through discovery and innovation, and social and workforce skills. Adult Continuing Education commits to student success and community enrichment by providing accessible, equitable, and innovative quality education to diverse adult learners, youth, and non-traditional students in pursuit of lifelong learning, training, career advancement, and pathways to college.
## CONTENTS

### ALLIED HEALTH
- Medical Assistant Specialist (MAS) ........................................... 6
- Electronic Health Records with Billing And Coding .................. 6
- Intro to Spanish for Healthcare Professionals .......................... 6
- Hemodialysis Technician ...................................................... 7
- Online Hemodialysis Technician & Nurse Training .................... 7
- Dialysis Biomedical Equipment Technician ............................... 7
- Emergency Medical Technician

### REGISTRATION & POLICIES INFORMATION
- .......................... 44
Dear Member of the New York City Community,

I am honored to have been selected as Acting Dean at the Center of Adult Continuing Education & Workforce Development at Borough of Manhattan Community College (BMCC). I have been a part of the BMCC community for over five years as the Executive Director for Manhattan Educational Opportunity Center (MEOC) and now proud to be in this additional role as Acting Dean. Thank you to President Munroe, BMCC’s Cabinet and CUNY Central Office leaders for giving me this opportunity to lead this division in such unusual times.

A full year has passed since COVID-19 was declared a pandemic. During that time, schools across the country shut their doors and adjusted from in-person instruction to remote learning. BMCC rose to the challenge of continuing to serve as a center of learning, encouragement and support during a difficult and unpredictable period.

Today, despite the increasing challenges of the pandemic, I am hopeful that the recent vaccine developments will bring us all much-needed relief as we continue to take the necessary steps to protect and safeguard the well-being of our community, students and staff.

As part of our efforts to help and support our community re-enter and re-engage the workforce, we offer a series of online and in-person career training programs to equip students with the skills and tools needed to reach their personal and professional goals. In this Summer/Fall brochure, you will find a vast majority of classes to meet your academic and career needs.

Our dedicated staff/faculty are committed to your academic and workforce success and we are committed to working closely with you.

I invite you to join me in looking forward to this year with cautious optimism and a hopeful spirit, for all that we can and will accomplish together.

Warmest regards,

ANTHONY WATSON
Acting Dean, BMCC Center of Adult Continuing Education & Workforce Development

MEDICAL ASSISTANT SPECIALIST (MAS)

All interested applicants are required to register for and attend an Information Session held every Monday at 5:30pm.

The Medical Assistant Specialist course at BMCC is an exemplary program that graduates highly qualified individuals. This course prepares students to handle a wide variety of tasks in a hospital, clinic, or private medical practice environment; tasks range from taking vital signs to scheduling patient appointments. Training covers a spectrum of administrative tasks as well as patient care procedures. Students who successfully complete both in-class instruction and the experiential learning component are eligible for the NHA Certification Exam. Textbooks, scrubs, and NHA exam fee are not included in tuition.

123 Sessions // 531 hours // $4,300
Mon & Wed; 6:00pm – 9:00pm and Sat; 9:00am – 5:00pm
July 26, 2021 – July 9, 2022

ELECTRONIC HEALTH RECORDS WITH BILLING AND CODING

An electronic health record (EHR) is a systematic collection of electronic health information about individual patients or populations. Information is recorded in a digital format that is capable of being shared across different health care settings by being embedded in network-connected enterprise-wide information systems. Such records may include a range of data in comprehensive or summary form, including demographics, medical history, medication, allergies, immunization status, laboratory test results, radiology images, vital signs, and billing information. (70 hours)

In addition to EHR, the billing and coding component will cover Medical Word Structure, Basic Anatomy and Physiology, HIPAA Compliance, CMS-1500 Claim Form, ICD-10-CM, and CPT-4 Guidelines. The following areas focus on CPT-4: Evaluation and Management, specialty fields (such as surgery, radiology, and laboratory), and ICD-10-CM. Basic claims processes for medical insurance and third-party reimbursements are also discussed. Students will learn how to find the proper procedure and diagnosis codes using manuals CPT-4 and ICD-10-CM.

*EHR—24 Sessions // MB & C—14 Sessions // 112 hours // $1,200
Mon & Wed; 6:00pm – 9:00pm
TBA
*Note: the last session of EHR and MB & C is 1 hour.

INTRO TO SPANISH FOR HEALTHCARE PROFESSIONALS

This basic Spanish course teaches healthcare professionals how to effectively communicate in Spanish while enjoying the language learning experience. This course teaches introductory oral and written Spanish skills through use of role-plays, audio tutorials, written and oral exercises, and homework assignments. In this course you will learn how to introduce yourself to colleagues, effectively make an appointment, acquire family medical history, and identify parts of the body, along with other healthcare-specific vocabulary.

8 Sessions // 24 hours // $350
Visit our website for upcoming dates.

Do I need to attend an information session/open house?

Information sessions are mandatory for courses that include:

- Medical Assistant Specialist (MAS);
- Hemodialysis Technician Training;
- Direct Support Professional; Information Technology;
- as well as Professional Development programs.

Please check the course description for requirements.
HEMODIALYSIS TECHNICIAN

All interested applicants must attend a required info session.

This course prepares individuals to become part of a professional health care team that provides hemodialysis treatment due to end stage renal failure. Students will learn anatomy and physiology of the kidneys, common causes of End Stage Renal Disease, principles of Hemodialysis procedure, treatment options, and commonly used Hemodialysis terms and abbreviations. Additionally, students will gain practical experience in machine set-up, operation and monitoring, vascular access, cannulation techniques, medical and technical complications, infection control, medications, patient assessment, and nutritional and social needs of end stage renal disease patients.

The program includes a 4-hour Preparation Course for the National CCHT Certification Exam. Upon successful completion of the program, students are eligible to sit for the CCHT national exam.

Textbook and scrubs not included.

24 Sessions // 100 hours // $2,210

100 hours plus 7 hour BCLS course

Day and Evening classes available; please see website for schedule.

NEW ONLINE HEMODIALYSIS TECHNICIAN & NURSE TRAINING!

BMCC in partnership with Dialysis4Career has revised its Hemodialysis Technician and Nursing Training to adapt to Covid-19.

• All virtual classes will be led by a BMCC instructor.
• This is a 64-hour program.
• Tuition: $1,800
• Ability to sit for the CCHT national exam upon successful completion of class.
• Upon successful completion students will be job ready.
• Includes industry employer(s) as guest speaker(s)
• 4-hour National prep review is included in the course.

The course is designed to cover the anatomy and physiology of the kidneys, common causes of End Stage Renal Disease, principles of hemodialysis procedure, treatment options, commonly used hemodialysis terms and abbreviations, patient assessment, nutritional and social needs of End Stage Renal Disease patients, vascular access, cannulation techniques, infection control, medication, and medical and technical complications.

64 hours // $1,800

Day and Evening classes available; please see website for schedule.

DIALYSIS BIOMEDICAL EQUIPMENT TECHNICIAN *COMING SOON*

All interested applicants must attend a required info session.

A Dialysis Biomedical Equipment Technician oversees and maintains all dialysis-related equipment in both the acute unit and the ambulatory outpatient dialysis unit. A Dialysis Biomedical Equipment Technician also repairs and performs preventative maintenance to ensure all systems are running properly. To become a technician, students need to earn a certificate from an approved licensed training program.

In the Dialysis Biomedical Equipment Technician Program, you will learn to operate, repair, maintain, and clean the hemodialysis machines while also gaining practice in performing hemodialysis procedures. Proper procedures, strict guidelines, and regulations will be followed. This is essential in helping the facility meet high standards so that patients can have a safe and comfortable treatment.

Course Objectives:

During your program, you will learn a variety of skills, including:

• Hemodialysis Review
• Hydraulic Description & Identification
• Machine Operation
• Calibration
• Preventative Maintenance
• Rebuild & Repair

A certificate of completion is awarded to students who successfully complete the course.

(212) 346-8410 // ace@bmcc.cuny.edu // www.bmcc.cuny.edu/ce
EMERGENCY MEDICAL TECHNICIAN PARAMEDIC PRACTICAL SKILLS EXAMINATION

Prerequisite: Must have completed an Emergency Medical Technician Paramedic course and obtain prior approval.

This skills session meets the requirements for both an original NREMT and New York State original Paramedic Psychomotor Exam. Upon successful completion of skills testing, students will be eligible to complete the Emergency Medical Technician Paramedic written certifying examination as per their State and National regulations.

1 session // 5 hours // $125
Monday; 4:00pm – 10:00pm August 16, 2021
OR Tuesday; 4:00pm – 10:00pm August 17, 2021

MEDICAL BILLING & CODING (MBC)

This course offers students the skills needed to process and solve insurance billing problems. Students learn basic claim procedures for medical insurance and third party reimbursements by understanding how to manually complete common insurance forms through use of service codes and manuals. Students will also learn how to trace delinquent claims, appeal denied claims, and use generic forms to streamline billing procedures.

Textbooks and NHA Exam fee are not included in the tuition.

40 Sessions // 120 hours // $2,200
Tues & Thurs; 6:00pm – 9:00pm July 6 – Nov 18, 2021
20 Sessions // 120 hours // $2,200
Sat; 9:30am – 3:30pm July 24 – Dec 18, 2021

Visit our website for upcoming dates.

INTRAVENOUS THERAPY

This course provides participants with comprehensive knowledge of intravenous tools and techniques, as well as the understanding of theory and methodology. The Intravenous Therapy curriculum was approved by American Nurses Credentialing Center’s Commission on Accreditation for 15.3 contact hours. A discount is available for BMCC nursing students.

Location: Main Campus, 199 Chambers Street

2 Sessions // 17 hours // $245
July 12 – July 13, 2021 (Mon & Tues)
July 28 – July 29, 2021 (Wed & Thurs)
Aug 5 – Aug 6, 2021 (Thurs & Fri)
Aug 9 – Aug 10, 2021 (Mon & Tues)

Visit our website for upcoming dates.

RN FIRST ASSISTANT

The NIFA RNFA 6.0/6.1 Program meets all national AORN standards for RNFA education programs and has been accepted by the Competency & Credentialing Institute (CCI) since 1998. The curriculum is recognized by all 50 state nursing boards and is intended to enhance the perioperative nurse knowledge base and skills necessary to pursue the position of an RNFA. Successful graduates will receive a BMCC Certificate of Completion and CEs.

Course 1 consists of 48 hours of online coursework to be completed within one year of enrollment. Course 2 consists of a supervised clinical internship of 140 hours of assisting experience and Procedure Log to be completed within one year of the clinical internship start date.

Prerequisite: RNs must have a minimum of 2 years and 2,400 hours of perioperative experience and must submit proof of CNOR prior to completion of the program. APRNs automatically qualify and must submit proof of national certification prior to completion of the program.

Tuition: $3,245
For further details visit website: www.rnfa.org or call NIFA at 1.800.922.7747
Mon – Fri; 10:00am – 6:00pm
email: admissions@NIFA.com

BASIC EKG & PHLEBOTOMY FOR HEALTH PROFESSIONALS

This course is designed for current Allied Health Professionals and Clinical Research Coordinators to learn how to perform EKGs and Phlebotomy on patients under the supervision of a Medical Professional. Students will learn Phlebotomy and be able to collect and prepare blood and other specimen collections ordered by a licensed Health Provider. This course teaches both skill competencies to make health professionals more marketable within the health care field. Upon successful completion of the program, students will receive a Certificate of Completion. This class does not qualify you to sit for the National Certification exams.

* Note: All hands-on skills will be done using simulation manikins.

10 Sessions // 40 hours // $550
Mon & Thurs; 5:00pm – 9:00pm Sept 13 – Oct 18, 2021
Course is held at Bellevue Hospital SIMMS LAB

INTRODUCTION TO VITAL SIGNS

Introduction to Vital Signs training includes monitoring temperature, pulse, respiration, blood pressure, and pain assessment. All materials are provided. Stethoscopes are provided but students are encouraged to bring their own. Students who successfully complete this course will receive a completion certificate from the BMCC/CUNY Continuing Education department. Upon registration, class materials will be emailed to all students.

1 Session // 4 hours // $150
Monday; 5:00pm – 9:00pm
IT continues to be one of the fastest-growing sectors in the NYC labor market. Research shows that IT will continue to grow steadily over the next 5 years. The available jobs for middle-skilled workers will increase as will the demand for certification. The BMCC Center of Adult Continuing Education and Workforce Development brings industry professionals into the classroom to prepare students and job seekers for the workforce. Our affordable courses are career pathways that lead to high-demand occupations. Whether you are new to the field or looking to expand your skillsets you can start here and work anywhere. Check out our courses in IT Computer Support, Networking & Cybersecurity, Programming, Data Analytics, Web Development, Linux+, Digital Media & Design, and Apple Technology.

**CAREER IN IT COMPUTER SUPPORT**

**INTRODUCTION TO COMPUTERS (A+ CERTIFICATION)**

This course prepares students for IT jobs as Computer Technical Support Specialists. You will gain hands-on experience and learn how to disassemble and reassemble computers, learn the functions of each component, install Operating Systems, and troubleshoot common hardware- and software-related problems. Whether you have knowledge of computers or not you can benefit from taking this course. This course will prepare you for more advanced topics and for the CompTIA A+ Certification Exam (1001 & 1002) validating your skills as an IT professional.

24 Sessions // 72 Hours // $899

Saturday; 9:30am – 4:30pm
Dec 4, 2021 – March 12, 2022

Upon passing an entrance exam, students can transfer up to 4 credits toward their Associate Degree in Computer Information System (CIS) at BMCC.
CAREER IN NETWORKING AND CYBERSECURITY

INTRODUCTION TO NETWORKS — CCNA-ITN (SEMESTER 1)
This initial BMCC Cisco Academy Course is aligned to the CCNA Certification and introduces students to the underlying technologies that support network communications for LANs/WANs. Students will learn communications architecture and reference models, network diagramming, protocols at layer 2 that affect device-to-device communication, and layer 3 protocols that enable local internetwork and global internetwork communications. You will learn how to cable and configure local area networks on Cisco routers and switches using various protocols at layer 2 and IPv4/IPv6 at layer 3, as well as understand all the protocols necessary to support LAN communications.

SWITCHING, ROUTING AND WIRELESS ESSENTIALS — CCNA-SRWE (SEMESTER 2)
Second in a series, SRWE builds on your knowledge of network and protocol operation in small networks and introduces Wireless networking concepts, standards, and security. You’ll learn how to implement VLANs, inter-VLAN routing, Spanning-Tree, EtherChannel, FHRPs, Addressing assignment methods for IPv4/IPv6. Once completed you will have a firm understanding and practical (hands-on) skills implementing and troubleshooting IPv4 and IPv6 deployments and protocol issues as well as knowledge of layered LAN Security best practices for wired and wireless deployments.

Semester 1 & Semester 2
46 Sessions // 138 hours // $1,950
Mon & Wed; 6:00pm – 9:00pm
Oct 13 – March 28, 2022

ENTERPRISE NETWORKING, SECURITY AND AUTOMATION — CCNA-ENSA (SEMESTER 3)
ENSA is the final course in preparation for CCNA Certification. In this course you’ll learn Single-Area OSPFv2 routing and configuration, Network Security concepts, Access Control, IPSec Protocol Framework, NAT, QoS concepts, Network Design, Virtualization, and Network Automation Concepts. This course binds all the technologies learned into a cohesive skill set that will ensure you are well prepared for the CCNA Certification and confident in the skills you’ve attained as you embark on your career journey.

Semester 3
24 Sessions // 72 Hours // $1,350
Tues & Thur; 6:00pm – 9:00pm
June 2, 2022 – Aug 25, 2022
CISCO NETWORKING ACADEMY – CCNP

The Revised CCNP Certification consists of one (1) Core Exam and numerous concentration options. BMCC is offering ENCOR (350–401) and ENARSI (300–410) as the concentration in a combined package leading to CCNP Certification. Read further for individual descriptions of the key concepts and technologies covered in each.

48 Sessions // 144 Hours // $2,880
Tues & Thurs; 6:00pm – 9:00pm
Sept 14 – March 3, 2022

CISCO ACADEMY — CCNP ENTERPRISE: ENCOR (CORE NETWORKING)

The ENCOR course includes implementation of core enterprise network technologies including dual stack (IPv4 and IPv6) architecture, virtualization, infrastructure, network assurance, security, and automation. Students will learn through lecture and practical hands-on labs how to implement Enterprise Networks and the Supporting Services and Protocols.

This course teaches students core concepts for configuring routers and switches in the enterprise environment. Routers and switches facilitate the connection of devices, applications, and data through the internet and across other computer networks. By the end of the course, students will be able to perform advanced configurations for routers and switches in order to build and configure enterprise-level local area networks (LANs) and wide area networks (WANs) that integrate IP addressing schemes, routing and switching protocols, network assurance, and network security.

Duration: 72 hours

Required Reading: Cisco Press CCNP and CCIE Enterprise Core ENCOR 350-401 Official Cert Guide.
Prerequisite: None; Recommended: CCNA Academy CCNAv7 Completion or CCNA Certification

CISCO ACADEMY — CCNP ENTERPRISE: ENARSI
(ENTERPRISE: ADVANCED ROUTING AND SERVICES)

The ENCOR course includes implementation of core enterprise network technologies including dual stack (IPv4 and IPv6) architecture, virtualization, infrastructure, network assurance, security, and automation. This course teaches students advanced concepts for configuring routers and services in the enterprise environment. These devices and services facilitate the connection of devices, applications, and data through the internet and across other computer networks. By the end of the course, students will be able to perform advanced configurations for routers and services in order to build and configure enterprise-level local area networks (LANs) and wide area networks (WANs) that use IPv4 and IPv6 advanced routing protocols, advanced features of protocols to optimize network performance, route redistribution, and advanced tunneling technologies.

Duration: 72 hours

Required Reading: Cisco Press CCNP Enterprise Advanced Routing ENARSI 300-410 Official Cert Guide

Prerequisite: CCNP ENTERPRISE: ENCOR (Core Networking)

Modules/Concepts Covered:

1. IPv4/IPv6 Addressing and Routing Review
2. E12IGRP
3. Advanced EIGRP
4. Troubleshooting EIGRP for IPv4
5. EIGRPv6
6. OSPF
7. Advanced OSPF
8. Troubleshooting OSPFv2
9. OSPFv3
10. Troubleshooting OSPFv3
11. BGP
12. Advanced BGP
13. BGP Path Selection
14. Troubleshooting BGP
15. Route Maps and Conditional Forwarding
16. Route Redistribution
17. Troubleshooting Redistribution
18. VRF, MPLS, and MPLS Layer 3 VPNs
19. DMVPN Tunnels
20. Securing DMVPN Tunnels
21. Troubleshooting ACLs and Prefix Lists
22. Infrastructure Security
23. Device Management and Management Tools Troubleshooting
INTRO TO C++

C++ is a powerful general-purpose programming language that offers both high-level and object-oriented features for software development on various platforms such as Personal Computers, Game Consoles, Embedded Systems, and more.

This course will cover an introduction to the C++ programming language for those students who have an interest in learning how to create video games, software applications, and operating systems. The course is designed for those with little or no programming background. Topics include data types, flow of control, classes, functions, objects, and much more.

10 Sessions // 30 hours // $599
Tues & Thurs; 6:00pm – 9:00pm
July 20 – Aug 19, 2021
Nov 9 – Dec 16, 2021

* Intermediate & advanced courses available.
Please check our website for scheduled dates.

INTRO TO PROGRAMMING WITH JAVA

Java is one of the most widely used computer languages in the world. This course is designed to develop the fundamental skills and basic concepts needed to begin writing any code. Students will use the Java platform to create an assortment of programs, especially mobile and web applications. Sign up today!

10 Sessions // 30 hours // $599
Tue & Thurs; 6:00pm – 9:00pm
July 6 – Aug 5, 2021

* Intermediate & advanced courses available.
Please check our website for scheduled dates.

BMCC ACE CODING ACADEMY

The Borough of Manhattan Community College Center for Continuing Education & Workforce Development is launching the ACE Coding Academy to give students the latest cutting-edge coding skills and training in app development with Swift. Swift is a robust and intuitive programming language created by Apple for building apps for iOS, Mac, Apple TV, and Apple Watch.

In the App Development course using Swift, students will learn to code and design fully functional apps, thereby gaining critical job skills in software development and information technology. This course was designed by Apple engineers and educators to teach students how to design apps using Swift, one of the world’s most popular programming languages. A number of popular apps like Airbnb, Kayak, TripAdvisor, Venmo, and Yelp were created with Swift. Students need no programming experience to take this course. By the end of the course, students will design and build a fully functioning app! Don’t miss your opportunity to learn to code with curriculum from the company that invented Swift and defined the App Economy. Register today!

Swift Programming Is a Three Level Course

Level 1 — Introduction to Swift: Basic proficiency in building apps with Swift (90 hours)
Level 2 — Swift for IT Professionals I: Developing Apple applications with Swift Language using Xcode as a development tool (90 hours)
Level 3 — Swift for IT Professionals II: Advanced applications using Swift and Xcode as the development tool (90 hours)

66 sessions // 270 hours // Price: $1,900
Mon & Wed; 6:00pm – 9:00pm
Sat; 9:30am – 4:30pm

To learn more visit: https://www.apple.com/everyone-can-code/

Students are required to have their own MacBook with macOS Sierra 10.12.6 or later, capable of running Xcode 9. Xcode, available as a free download on the Mac App Store, is the Integrated Developer Environment used to build apps for iOS, Mac, Apple TV, and Apple Watch.

INTRO TO STRUCTURED QUERY LANGUAGE (SQL)
Structured Query Language (SQL) is used to extract information from a relational database to address an array of business information needs. Thus, the goal of the course is to teach participants how to query a relational database for information and analysis.

This course is designed to introduce Structured Query Language (SQL) to end users:
- who need to understand how data is retrieved prior to analyzing it,
- who would like to enter the field of computer science with little or no prior knowledge of databases and/or programming languages,

10 Sessions // 30 hours // $699
Sat; 9:30am – 4:30pm
July 27 – Aug 26, 2021

INTERMEDIATE SQL (CERTIFICATION)
Prerequisite: Intro to Structured Query Language (SQL) or equivalent and Understanding Manipulation Language (DML) and Data Definition Language (DDL)
Structured Query Language (SQL) is used to extract information from a relational database to address an array of business information needs. Thus, the goal of the course is to teach participants how to query a relational database for information and analysis.

This course will prepare you for Microsoft Certified Profession (MCP) Exam 98-364 (https://microsoft.com/en-us/learning/exam-98-364.aspx). This course is designed to introduce Structured Query Language (SQL) to end users:
- who need to understand how data is retrieved prior to analyzing it,
- who would like to enter the field of computer science with little or no prior knowledge of databases and/or programming languages,

10 Sessions // 30 hours // $799
Mon & Wed; 6:00pm – 9:00pm
Sept 13 – Oct 18, 2021

SOCIAL MEDIA FOR BUSINESS
Do you get overwhelmed when it comes to social media marketing for your business? Are you unsure about the best strategies to use for Facebook, Twitter, Instagram, LinkedIn, and Pinterest? Are you ready to increase your followers and engage with your audience? Want to find out how to use social media to increase exposure and increase revenue immediately?

If you answered YES to any of these questions, our Social Media course is for you! We offer:
Facebook, Instagram, LinkedIn, Twitter, Pinterest and more!

13 Sessions // 30 hours // $599
Sat; 9:30am – 4:30pm
Oct 2 – Jan 15, 2022

Check our website www.bmcc.cuny.edu/ce for up-to-date course offerings or call us at (212) 346-8410
CAREER IN DATA SCIENCE

MACHINE LEARNING  
Prerequisite: Advanced Python  
Machine learning uses interdisciplinary techniques such as statistics, linear algebra, optimization, and computer science to create automated systems that can sift through large volumes of data at high speed to make predictions or decisions without human intervention.  

This class will familiarize students with a broad cross-section of models and algorithms for machine learning and prepare them for research or industry application of machine learning techniques.  

26 Sessions // 78 hours // $899  
Tue & Thur; 6:00pm – 9:00pm  
July 27 – Oct 21, 2021

ADVANCED PYTHON  
Continue your Python Programming journey by working with Files and Strings, Reading and handling Exceptions, Building Modules and organizing them into Packages; you will build understanding of Classes and Object-Oriented Programming with concepts such as Encapsulation, Inheritance, and Polymorphism; you will learn about Data Structures such as Dictionaries, Sets, Stacks, and Queues; you will write Search and Sort Algorithms while measuring their speed and efficiency. You’ll use your Advanced Python Programming skills to build an Object-Oriented Application that works with persistent data, Data Structures, and an efficient Algorithm.  

12 Sessions // 36 hours // $1,400  
Fri; 7:30pm – 10:30pm and  
Sat; 9:30am – 12:30pm  
June 11 – July 23, 2021  
Nov 13 – Jan 15, 2022

INTRO TO PYTHON  
Prerequisite:  
• Basic computer skills using MS Windows, Mac, or Linux.  
• A basic foundation of how software applications are designed and coded.  
• An algebra level understanding of mathematics.  
• Some academic or industry experience with some high-level programming language such as Java, C# or C/C++ would be useful, but is not required.  
The Python programming language has a reputation for being easy to learn and very powerful. Its ease-of-use, power, and run-time efficiency make Python a high-ranking favored programming language in the software development community. As a result, Python developers are in high demand! This course introduces the Python programming language through study and hands-on practice. You will learn Python’s syntax, and how to harness its power to build non-trivial applications that have value and are fun to code.  

*Note: This course covers the material (i.e. course-work) required to pass the Certified Entry-Level Python Exam: https://pythoninstitute.org/certification/pcep-certification-entry-level/ and builds the foundation for what’s required to pass the Certified Associate in Python Programming Exam: https://pythoninstitute.org/certification/pcap-certification-associate/  

12 Sessions // 36 hours // $1,295  
Tue & Thurs; 6:00pm – 9:00pm  
Sept 7 – Oct 14, 2021

PYTHON DATA ANALYSIS  
Prerequisite: Intro to Python, and Advanced Python  
Become a Data Analyst by learning to consolidate data, detect patterns, conclude and communicate results implicitly. You’ll work with Python Data Analysis Libraries (NumPy, pandas, Matplotlib) to manipulate, prepare, and visualize Data.  

16 Sessions // 48 hours // $1,600  
Fri; 7:30pm – 10:30pm and  
Sat; 9:30am – 12:30pm  
Sept 10 – Oct 30, 2021
OUTLOOK

EXCEL

POWERPOINT

MICROSOFT OFFICE PROFESSIONAL

Prerequisite: Must have a basic knowledge of Microsoft Word, Excel, Outlook, PowerPoint, and Access

Do you currently use Microsoft Office on a day-to-day basis? Would you like to advance your skill set and increase efficiency and production? Then, this course is for you! There is a growing need for office professionals to become proficient in using Microsoft Office Suite applications for meetings, presentations, reporting and data analysis. This course will give you a comprehensive look at the most frequently used features in Word, Excel, PowerPoint, Outlook and Access. Upon successful completion, you will receive a certificate validating your skills to express ideas, solve problems, and present the right solutions in the most efficient way. Isn’t it time to advance your career to the next level? Sign up today!

15 Sessions // 90 hours // $699
Sat. 9:30am – 4:30pm
March 5 – June 18, 2022

WEB DEVELOPMENT BOOTCAMP

Jumpstart your career in Web Development! This course offers a real world, hands-on approach and will teach you how to become a Web Developer by applying best practices for structuring web page content with HTML. You will learn to enhance content presentations with CSS styling, and add interaction to websites with JavaScript and jQuery. In addition, students will be able to customize websites by using Responsive Web Design to detect users’ screen size and deliver the content accordingly. Learn to develop mobile-optimized websites, implement mobile-first design, create mobile navigation, and enhance web pages. Sign up today!

20 Sessions // 120 Hours // $1,799
Sat. 9:30am – 4:30pm
June 26 – Nov 20, 2021

Sept 13 – Feb 9, 2022
Borough of Manhattan Community College Center for Continuing Education has joined the Amazon Web Services (AWS) Academy program to offer approved AWS training curricula to our students. Courses are taught by AWS Academy Accredited Instructors, who are trained by AWS to help students become proficient in AWS cloud services technology.

Amazon Web Services (AWS) is a secure cloud services platform, that offers computing power, database storage, content delivery, and other functionality to aid businesses to scale and grow. Discover a multitude of applications that increase flexibility, scalability, and reliability.

**AWS ACADEMY CLOUD FOUNDATIONS**

BMCC’s AWS Academy Cloud Foundation course provides a detailed overview of cloud computing concepts, AWS core services, security, architecture, pricing, and support. This course is designed to help students develop new skills and apply this knowledge to their working environment through a variety of practical exercises. This is an entry-level course and will prepare students for the AWS Academy Cloud Computing Architecture course.

**Prerequisites:** General IT technical knowledge; General IT business knowledge.

18 Sessions // 36 hours // $499

Tue, Wed, Thurs; 7:00pm – 9:00pm

July 27 – Sept 2, 2021

**AWS ACADEMY CLOUD COMPUTING ARCHITECTURE**

Borough of Manhattan Community College Center for Adult Continuing Education & Workforce Development is offering a course in Cloud Computing Architecture. This course uses an AWS Academy curriculum designed to help students develop technical expertise in cloud computing and prepare them for the AWS Certified Solutions Architect-Associate certification exam.

This course is intended for Undergraduate, Graduate or Professional students seeking cloud-computing expertise. To learn more, sign up today!

**Prerequisites:** The ideal student should have a strong foundation in IT concepts and skills. Students should have completed AWS Academy Cloud Foundations.

16 Sessions // 80 hours // $1,299

Sat; 10:30am – 4:30pm

July 24 – Nov 13, 2021

For further information, visit our website //www.bmcc.cuny.edu/ce// or call 212-346-8410.
Professional Development focuses on career enhancement and functional marketplace expertise through the development of project management, project planning and control leadership skills, and business writing fluency, the acquisition of notary public license, and increased knowledge and proficiency in QuickBooks.

NEW! BASIC ACCOUNTING WITH QUICKBOOKS ONLINE (QBO)

Companies and businesses are now using QuickBooks Online (QBO); the desktop version is being phased out. Learn this new online version while learning basic accounting principles with professor Clive Nair from BMCC’s accounting department.

This course will introduce students to the basic concepts of accounting techniques needed to fully utilize QuickBooks for bookkeeping and accounting purposes. It covers cash and accrual-based accounting transactions, chart of accounts, different types of business entities, financial report preparation, and use of journals and ledgers for double entry accounting. The course integrates hands-on usage of QuickBooks with bookkeeping lectures, to help students gain a full understanding of the material.

You will receive access to the online software for free as part of this class. There is also a textbook required; details upon registration.

12 Sessions // 36 hours // $275
Mon & Wed; 7:00pm – 10:00pm
Aug 2 – Sept 13, 2021

MODERN LANGUAGE

INTRO TO SPANISH

Introduction to Spanish is designed to provide students with a solid understanding of the Spanish language. Special emphasis will be placed on vocabulary and oral expression within a cultural context. Principles of grammar will be introduced as students become more familiar with the language. Activities include role-playing and use of interactive situations. Audio files, magazine articles, and literary texts will be used in class.

8 sessions // 24 hours // $250

INTERMEDIATE SPANISH

This course is designed to review previously acquired concepts, introduce more complex grammatical structures, and increase listening and reading comprehension. Students will be encouraged to speak and interact in a natural low-anxiety environment. Grammar and vocabulary are taught within a cultural context through everyday situations. Exercises are conceived to enrich reading comprehension and expand communication skills. Audio, magazine articles, and literary texts will be used in class.

8 Sessions // 24 hours // $250

CONVERSATIONAL SPANISH & CULTURE

Conversational Spanish and Culture is an intermediate to advanced course designed to improve communication skills. The curriculum aims to develop fluency in speaking while expanding vocabulary and grammatical structures. Students will explore several aspects of life and culture through newspaper articles, interactive situations, music, literature, and film. This course is designed for those who can speak Spanish at an intermediate level or above.

8 Sessions // 24 hours // $250

LEGAL STUDIES COURSES

You don’t have to be an attorney to embark on a career in the legal industry. Corporations, law firms, and governments need non-lawyers for a wide variety of administrative, research, compliance and other law-related positions. You can gain the skills needed to offer specialized legal services for these employers without the time and expense of pursuing a full law degree. To build your credentials for career opportunities in the legal field, consider these excellent courses that BMCC Continuing Education offers in partnership with The Center for Legal Studies.

**EDISCOVERY FOR PARALEGALS CERTIFICATE**  
$995

The eDiscovery for Paralegals course is an introductory course for persons entering the eDiscovery field, as well as for professionals wanting to broaden their knowledge of the eDiscovery process. This 6-week course covers the entire eDiscovery process, from preparation, to collection, to review of Electronically Stored Information (ESI). Throughout the 17 online modules and tests, learners will progress through the basics of eDiscovery preparation, best practices for ESI collection, and finally, the review process. The course is supplemented with a comprehensive textbook that covers relevant eDiscovery topics.

**LEGAL NURSE CONSULTANT TRAINING**  
6 SESSIONS // 42 HOURS // $1,195

This course prepares Registered Nurses and Physician’s Assistants for a career in the legal field as Legal Nurse Consultants. This course provides the fundamental skills necessary to advise law firms, health care providers, insurance companies, and government agencies regarding medical-related issues, and to appear in court as an expert witness.

**PARALEGAL CERTIFICATE**

Practice-oriented course that will train students to interview witnesses, investigate complex fact patterns, research the law, prepare legal documents, and assist in preparing cases for courtroom litigation related to areas of law in which paralegals are in high-demand. This is a job-skills training course that will prepare you to work as a paralegal upon completion of the Paralegal Certificate Course©.

12 Sessions // 84 hours // $1,595

Sat & Sun; 9:00am – 12:30pm and Mon; 6:00pm – 9:30pm

Classes will be held via Zoom.

**PARALEGAL SPECIALIZATION WITH BANKRUPTCY LAW**

This Paralegal Certificate Course: Bankruptcy Law specialization topic combines the nationally acclaimed Paralegal Certificate Course© curriculum offered by over 100 colleges and universities nationwide with additional specialized training focusing on the important principles of Bankruptcy Law. Your study and concentration on substantively specific materials will enable you to gain a strong competitive edge over other paralegals entering Bankruptcy Law. The additional training gained through participation in this course will embellish your legal knowledge and skills, which in turn should increase your salary and marketability. Materials needed – Paralegal books, Bankruptcy Law does not require a textbook.

3 Sessions // 135 hours // $1795  
+ books + Westlaw ($398.20 + $89)

Total if you buy books from CLS: $2282.20

**ONLINE LEGAL STUDIES COURSES**

Start dates for all Online Courses:

- June 28 – August 13, 2021
- August 23 – October 8, 2021

LEGAL SECRETARY CERTIFICATE 6 SESSIONS // 42 HOURS // $995
For entry-level and experienced secretaries who are interested in improving their skills and working more efficiently within a law office. This course will cover a wide range of topics vital in a law office, such as: legal terminology, jurisdiction, ethics, billing and accounting, time management, written documents, and many more.

ADVANCED PARALEGAL CERTIFICATE 270 HOURS // $2,400
With the advanced paralegal training this course provides, you’ll stand out in competing for the best paralegal employment opportunities. Pick from 15 topics, such as Bankruptcy Law, Family Law, Victim Advocacy, Immigration Law, and Intellectual Property.

LEGAL INVESTIGATION CERTIFICATE 45 HOURS // $995
This exciting course is designed to teach legal investigation to those interested in pursuing a new career and to those presently working in the legal field. At the end of the course, students will be qualified to assist attorneys, paralegals, insurance companies and private businesses, as well as state and federal government agencies, in the process of civil and criminal investigation. Students will also be taught how to create a freelance investigation business. Included subject areas are: arson investigation, product liability investigation, personal injury and traffic accident forensics, employment accidents, investigation of financial and equity matters, professional malpractice and negligence, skip-tracing, and the role of a legal investigator in preparing for civil and criminal litigation.

ALTERNATIVE DISPUTE RESOLUTION (MEDIATION) CERTIFICATE 45 HOURS // $995
In this course, you’ll learn how to select the best method to achieve the most positive result for both parties. You’ll improve negotiation skills and address ethical considerations.

EMPLOYMENT LAW CERTIFICATE COURSE 45 HOURS // $995
This course will cover statutes such as the National Labor Relations Act, the Railway Labor Act, and other statutes dealing with public employees. Topics included are master and servant, wages and hours, anti-discrimination in employment, and minimum wages and maximum hours, as well as regulation of working conditions.

VICTIM ADVOCACY CERTIFICATE 45 HOURS // $995
This course trains participants for work in domestic violence shelters, crisis centers and hotlines, and with state and county governments. Highlights include terminology, process, legislation, counseling skills, and a range of other essential topics.

PARALEGAL ONLINE 90 HOURS // $1,595
This practice-oriented course will train students to interview witnesses, investigate complex fact patterns, research the law, prepare legal documents, and assist in preparing cases for courtroom litigation related to areas of law in which paralegals are in high-demand. This is a job-skills training course that will prepare you to work as a paralegal upon completion of the Paralegal Certificate Course ©.

PERSONAL INJURY FOR PARALEGALS 45 HOURS // $995
Learn how to investigate arson, product liability cases, personal traffic accidents, employment accidents, malpractice and negligence, skip-tracing, and more. In this exciting, fast-paced class you will learn many of the legal terms, causes of action, and remedies available to victims of personal injury accidents. Students will review the negligence theory of torts upon which many personal injury claims are based. Students will discuss interviewing, investigating, and other case building techniques vital to a personal injury paralegal’s success in the law office.
Class discussions and lesson materials will include personal injury claims including, but not limited to: car accidents, slip and falls, medical negligence/malpractice, manufacturer product defects, and class-action lawsuits.

Register @ https://www.legalstudies.com/vendor/bmcc
ADVANCED LEGAL RESEARCH & WRITING 50 HOURS // $995

Learn how to use powerful legal research tools. You’ll formulate WESTLAW search queries and see how legal research methods save time in legal research and legal writing.

INTELLECTUAL PROPERTY LAW FOR ENGINEERS 45 HOURS // $995

Learn the legal process for protecting an invention and its creator from infringement and unfair competition. You’ll examine what items or ideas can be patented, and how to research, apply for, and protect patents and copyrights.

SOFTWARE ESSENTIALS FOR THE LAW OFFICE 50 HOURS // $995

In this course, you’ll learn about computer operating systems, peripheral devices, and software for a host of legal applications, such as tracking and billing, case management, docket control, litigation support, electronic discovery, and trial presentation graphics.

CLS BY BARBRI PARTNERS WITH CREDLY TO ISSUE DIGITAL BADGES

April 20, 2021
By Emily Chartrand

Students will now earn digital badges upon successful completion of a course

DALLAS, Texas (April 20, 2021) — CLS by BARBRI is proud to announce that we are now offering students a new and additional way they can verify their achievement upon course completion. A badge issued through the Credly platform is a digital representation of a learning outcome, experience, or competency.

Claiming a badge is easy and secure. Once a student successfully completes their course, they will be emailed instructions on how to claim their badge. From there, badges can be shared and verified online on Credly worldwide network, personal and professional social media profiles, websites, email, and more.

Badges offer professionals seeking employment an additional way to market their skills-based training and tell their professional story in a way that is complete and validated. What makes the badges issued to you from Credly unique is that they represent achievements valued and recognized by today’s employers.

Anyone who views a badge can click on it to view all the details of your achievement and understand the skills you possess and value you can provide. You can also share your complete Credly profile to provide an employer with the full context of your abilities, represented by the various badges you have earned and manage through Credly’s platform.

Our next session of courses starts June 28 – enroll today!

Click here to learn more about the badges offered by CLS by BARBRI.

*Badges are NOT available to students who complete a Test Prep or Law School Prep course
Becoming a Certified Corporate Event Planner requires business organization, logistics, networking, and client relationship management skills. This course will be a detailed guide on how to design and plan events, set budgets, execute successfully, review performance, and charge for services. The CEP course is known as S-M-A-R-T because it covers:

- Special Events: galas, fundraisers, public relations, product promotions
- Meetings: professional, corporate, business networking
- Assemblies: conferences, conventions
- Recognition: incentives, awards, achievements
- Training: seminars, workshops, education

Tuition Includes: Textbook, online curriculum, access to Student Center.

Class Overview: This program teaches the fundamentals of planning, orchestrating, and delivering social events, as well as owning and operating a successful corporate event planning business.
Au Pair Experience is a continuing education program designed specifically for au pairs to receive necessary credit, but most classes are open to non-au pairs as well. Classes consist of a pre-assignment, live online classes, and a final assignment.

NEW COURSES
We’ve launched a special series of classes to support and empower au pairs during social distancing. These classes, all taught live by experts in their field, are specifically designed to work well online.

**CHILDHOOD LITERACY AND BEHAVIORAL DEVELOPMENT**
For au pairs, parents, and people who work with children — this class provides tools and activities to support literacy and childhood development. This is also a great supplemental class for people pursuing careers in childhood development. Using practical lessons and activities, you will develop an understanding of learning processes and stages of literacy learning.

*taught by Sara Lenore*

$275

**ESL PRONUNCIATION: CONFIDENCE COMBO FOR CAREERS**
This course covers 3 major areas that help you achieve confidence and success. Classes focus on a combination of skills, all of which are needed to enhance your business and your personal lives: presentation skills, interview strategies, and speaking techniques.

*taught by Elizabeth Marner-Brooks*

$275

**IMPROVISATION AND ACTING FOR IMPROVING ENGLISH**
Students will improve their English Language skills through improvisation and theater games. Improv and drama give students an opportunity to further their language learning goals by using their creativity and imagination. Through acting out situations that may be part of everyday life — or may be silly and fantastical — students will be improving their reaction times and conversational ease.

*taught by Melissa Shaw*

$275
OFF TO A FRESH START-UP: HOW TO DESIGN THE BUSINESS OF YOUR DREAMS
This introductory business course is designed to provide students with the tools necessary to start their own successful side hustle or start-up in a post-Covid world.

taught by Mikaila Brown
$275

SELF CARE TOOLBOX
Self Care Toolbox is designed to support students dealing with the natural anxiety of being an au pair. Through discussions, lectures, group work, and practical activities, students will work toward becoming more aware of wellness and managing stress levels.

taught by Alicia Giordano
$275

TRAVEL COURSES
Each of our re-imagined travel classes have been adjusted to suit an online platform — often expanding more on the cultural or philosophical aspects of an area. Our goal is to provide a broader perspective of an area and American culture.

HOUSTON
Houston’s history and its diverse population have a fascinating story to tell. Houston, one of the largest cities in the U.S., shows off this history and culture in amazing ways. You will learn about the city’s founding, the way oil has shaped it, and the incredible diversity and culture of the area.

taught by Alicia Giordano
$275

MIAMI
Miami is home to people from across the globe who help sustain its many multicultural neighborhoods, and drive its amazing art scene. Using Miami as a model, students will craft sustainability plans with their host cities and home countries in mind.

taught by Mariusz Galczynski
$275

NASHVILLE
Nashville’s connection to music is unequaled; its reputation as Music City USA has been a constant for the past 200 years. In this course you’ll explore the events that established both Nashville’s robust live music scene and its influential music industry. You’ll experience a city where music is written, recorded, and performed every single day.

taught by Jenny Casey
$275

AU PAIR EXPERIENCE

(212) 346-8410 // ace@bmcc.cuny.edu // www.bmcc.cuny.edu/ce
NYC FASHION: CINEMA, COSTUME AND CHARACTER
This course will encourage students to experience New York City as a film set, and its fashion as costumes that tell as much of a story as a script. We will explore the interaction between fashion in New York-based films and overall society, from the 1970s to today. taught by Mikaila Brown
$275

NYCINEMA
New York City has been the setting for thousands of movies. Take a stroll through American culture as you learn more about films you love as well as being introduced to some iconic classic films. This course will cover the city’s “melting-pot” reputation, delve into stories of crime, and explore themes of love and friendship. taught by Kira Smirnov
$275

CHICAGO: ART AND DIVERSITY
Students will explore the influence of Chicago’s diverse population on the art scene. The class will explore art and sculpture in the Pilsen neighborhood, Humboldt Park, and the DuSable Museum of African American History. This class is designed for students already familiar with Chicago, but au pairs from outside of the area are welcome, too!
$275

NYC: UNIQUE STYLE, SHARED STORIES
This course will take you on an anthropological expedition of New York City’s five boroughs, using fashion as the lens. We will explore the impact that New York’s unique and multi-faceted cultural landscape has on local fashion trends, using Harlem as a specific focus.
$275

NEW ORLEANS
Students will explore the rich culture and history of New Orleans with guide Libby Bolino. By investigating different aspects of the city, from politics to food traditions to music, you’ll learn more about the narrative of the city and the culture that makes New Orleans one of the most unique places in the world.
$275

PHILADELPHIA: ARTS AND DIVERSITY
Philadelphia’s diverse population reflects individuals from many ethnic backgrounds. That diversity adds incredible creativity and energy to the city’s art scene, which the course will explore. Classroom sessions will be enriched by a visit to the world-famous Philadelphia Museum of Art and a walk with your teacher to experience firsthand some of the city’s amazing Mural Arts.
$275

WASHINGTON, D.C.: GIRL POWER!
Step inside the lives and stories of some strong and colorful women who have left their mark on Washington, the United States, and the world. Suffragettes, those who fought for women’s voting rights, along with First Ladies, artists, community activists, and countless others have influenced culture, politics and the social fabric of this city. On field trips on Friday and Saturday afternoon, you will visit some of their homes, monuments, museum exhibits and art works, and hear their stories. Some you may know and some will surprise and amuse you.
$275

Visit our website for all upcoming course dates. For more information about any of our Au Pair Experience courses, please reach out to us at: aupair@bmcc.cuny.edu or call: (646) 204-6865
BMCC Center for Continuing Education and Workforce Development
Introducing AU PAIR EXPERIENCE’s new ENGLISH LANGUAGE BUSINESS PROGRAM

Dynamic, affordable opportunities to increase English language proficiency through the lens of the workplace and business.

**ENGLISH CONVERSATION: BUSINESS AND WORKPLACE SUCCESS**
Roleplay workplace situations to build your vocabulary and practice asserting yourself with confidence and learn about reading technical writing and matching yourself to job postings.
taught by Alexis Tenenbaum

**ENGLISH PRONUNCIATION: CONFIDENCE COMBO FOR CAREERS**
Sharpen your pronunciation skills, learn how to project your voice, practice interview strategies, and create and deliver a presentation for feedback on your speaking skills.
taught by Elizabeth Marner-Brooks

**ENGLISH NETWORKING AND NEGOTIATING: COMMUNICATING WITH PURPOSE**
Sharpen business communication skills by analyzing a variety of business communications — real interviews, presentations, phone calls — and applying this knowledge to solve companies’ problems.
taught by Wendy Trach

**OFF TO A FRESH START-UP: HOW TO DESIGN THE BUSINESS OF YOUR DREAMS**
Find ways to connect your passion to the market. This is not an ESL class, but is accessible for all language levels. This course is for young entrepreneurs interested in starting and designing a business of their own.
taught by Dr. Mikaila Brown

All courses are $275 and 36 educational hours for J-1 visa holders.
For more information, email aupair@bmcc.cuny.edu or call: (646) 204-6865
BMCC LANGUAGE IMMERSION FOR INTERNATIONAL STUDENTS (BLIIS)

BMCC Language Immersion for International Students (BLIIS) will provide you with the skills and confidence you need to continue your studies at the college. We focus on improving your reading, writing, and speaking skills. Located in New York City’s vibrant Tribeca neighborhood, you will have many opportunities to practice your English language skills while exploring nearby sites.

FALL, WINTER AND SPRING SEMESTERS

The language immersion classes during these semesters are only for BMCC international students who have taken but not passed the CUNY tests. BMCC is authorized under Federal law to enroll nonimmigrant alien students. The program provides intensive instruction in all English skills, especially reading and writing, to prepare you for credit-bearing college courses. You may choose to attend the BMCC Language Immersion for International Students (BLIIS) if you are:

• a BMCC international freshman or transfer student who didn’t pass the CUNY tests because English is not your first language
• an international ESL student who has been recommended by the ESL department, or is on academic probation

For more information contact Director of Language Immersion Program, Paul Shively at pshively@bmcc.cuny.edu or (646) 493-3488.
Our ESL (English as a Second Language) classes for Intermediate and Advanced level learners are limited to 20 students, thus providing the benefit of more individualized attention. Learning is holistic; you study reading, writing, speaking and listening. Intermediate students will work on developing reading skills and oral and written communication. Advanced students will spend more time on oral presentations, analysis of readings, and clarity and organization of ideas in writing. If you are interested in improving your level of English or are thinking about attending college, we can help you reach your goals.

**ESL INTERMEDIATE**
This course is designed for intermediate students who have some understanding of written and oral English and are able to hold a basic conversation. In this course, you will improve your listening and speaking skills as well as your written fluency, vocabulary, and grammar skills.

Fall Session
10 sessions // 40 hours // $350
Sat; 9:00am – 1:00pm
Sept 18 – Nov 20, 2021

**ESL CONVERSATION**
This course is for high-intermediate or advanced ESL Students who wish to develop confidence in their conversational skills in academic, business, or personal settings. Students will explore techniques and strategies to improve listening and speaking capabilities. They will improve their working knowledge of the most common academic, workforce, and social vocabulary; this will further help them develop clear diction, and expand conversation skills for individual or group presentations on research topics.

Fall Session
10 sessions // 30 hours // $280
Sat; 1:30pm – 4:30pm
Sept 18 – Nov 20, 2021

**ESL ADVANCED**
This course is designed for advanced level students who already have a comprehensive understanding of oral and written English. In this course, you will focus on further improving conversational, reading, and writing skills.

Fall Session
10 sessions // 40 hours // $350
Sat; 9:00am – 1:00pm
Sept 18 – Nov 20, 2021

**ESL BUSINESS WRITING**
This course will help you adapt the style, format, and tone of business writing suitable for an American audience. Business writing differs from culture to culture; you will explore the American way. Starting with the basics of letter and memo writing, as well as email, you will learn how to address your reader clearly and concisely. Resumes and cover letters will also be addressed. Correct grammar and spelling are vital to business success, so time will be spent in class reviewing English grammar and selecting the correct vocabulary for different writing needs.

Fall Session
10 sessions // 30 hours // $280
Sat; 1:30pm – 4:30pm
Sept 18 – Nov 20, 2021
ESL ACADEMIC WRITING
This course is designed for advanced ESL students who are considering enrolling in college in the U.S. The course is modeled after a freshman composition course required in most U.S. colleges. Students will:
• explore and write commonly used essay forms such as narrative and literary analysis
• study grammar and language appropriate to the specific form
• improve communication skills
• produce a research paper in MLA format

Fall Session
10 sessions // 30 hours // $280
Sat; 1:30pm – 4:30pm
Sept 18 – Nov 20, 2021

TOEFL PREPARATION
The Test of English as a Foreign Language™ measures the ability of non-native speakers of English to use and understand English as it is spoken, written, and heard in college and university settings. The TOEFL Internet based Test (TOEFL iBT) tests all four language skills that are important for effective communication: speaking, listening, reading, and writing. The test helps students demonstrate that they have the English skills needed for success. The TOEFL test is a requirement for admission into colleges and universities where instruction is in English. Additionally, many government, licensing, certification agencies, and exchange and scholarship programs use TOEFL scores to evaluate the English proficiency of people for whom English is not their native language. Our preparation course gives students targeted practice to improve scores in all four tested skills. Students will also learn tips to improve their test-taking abilities for the internet-based TOEFL test (iBT).

Summer Session
8 sessions // 40 hours // $350
Sat; 10:00am – 3:00pm
July 10 – Aug 28, 2021

Fall Session
10 sessions // 40 hours // $350
Sat; 10:00am – 2:00pm
Sept 18 – Nov 20, 2021

PRONUNCIATION WORKSHOP
This course is open to all intermediate and advanced English language learners who want to improve their spoken American English. You will study the phonetic system of the English language and learn the relationship between pronunciation and spelling. Through practice, your speaking and reading will become clearer and more comprehensible. As a result, you will gain confidence and be able to communicate with greater ease.

Fall Session
10 sessions // 30 hours // $280
Sat; 10:00am – 1:00pm
Sept 18 – Nov 20, 2021
CUNY Start is an intensive Reading/ Writing, Math, and college success program that helps students with 15 credits or fewer to reduce or eliminate their developmental coursework. CUNY Start costs only $75 (including materials) and allows students to save their financial aid for credit-bearing courses at CUNY.

Math Start is an intensive 8-week CUNY Start program that prepares students with 15 credits or fewer to reduce or eliminate their developmental coursework in math. Math Start costs only $35 (including materials and free Metro Cards).
ONLINE CAREER TRAINING

BMCC Continuing Education, in partnership with ed2go, offers online open enrollment programs designed to provide the skills necessary to acquire professional level positions in many in-demand fields. Our programs are designed by a team of professionals from each respective field, providing you with effective web-based learning programs ranging from Microsoft Excel to Medical Terminology, to Writing and Editing and more. Instructors/Mentors are actively involved in your online learning experience; they respond to any questions, as well as actively encourage and motivate you to succeed.

ED4CAREER PARTNERS WITH BOROUGH OF MANHATTAN COMMUNITY COLLEGE / CUNY

Borough of Manhattan Community College now offers career development and personal enrichment courses through Online Educational Resource.

ONLINE — Ed4Career (ed4career.com) is happy to announce a new partnership with Borough of Manhattan Community College / CUNY (bmcc.ed4career.com). Students will now be able to access Ed4Career’s self-paced career development and personal enrichment courses through the school as they train for new careers or learn new skills.

The Center for Continuing Education and Workforce Development (www.bmcc.cuny.edu/ce) at BMCC has teamed up with Ed4Career to provide a variety of online classes in ‘in-demand’ fields like information technology, law, healthcare, the cannabis industry, writing, publishing, and marketing. Each self-paced online course can be accessed through any internet-enabled device, making it convenient to brush up on skills or train for a new career any time, any place, during a lunch break, or even on the subway.

“Making education accessible to all doesn’t just benefit the student, but the community at large,” said Sunil Gupta, Dean of BMCC. “Our goal is to empower students by giving them the tools they need not only to find a job, but to create a satisfying career and learn valuable skills that will help them advance.”

The Center for Continuing Education and Workforce Development at BMCC has a two-decade history of providing accessible, useful courses to anyone looking to improve their career and educational potential. BMCC’s partnership with Ed4Career is the latest step in advancing adult and continuing education through the school, and includes traditional classroom settings as well as digital learning.

For more information about Ed4Career’s partnership with Borough of Manhattan Community College / CUNY, or to inquire about the company’s full library of courses, please visit https://bmcc.ed4career.com.
BMCC Adult Continuing Education is excited to partner with Coursera, the leading online learning platform, to make our students job ready. It’s a digital leap towards enhancing the learning experience for our students, alumni, and faculty!

Over 1,000 of our students are currently building job-relevant skills on Coursera. When they’re one skill away from getting their dream job, our students are closing the gap with Coursera. Join them in taking a course and becoming more job-ready!

Why learn on Coursera?
While learning on Coursera you will...
• Learn new skills to help you excel in your current role.
• Help prepare for your dream job.
• Refresh your education & keep your competitive edge.
• Become better informed on a variety of topics.
• Access content from 160+ universities & 30+ industry partners.
• Be part of a community of over 40+ million global learners.

Visit https://www.coursera.org/programs/borough-of-manhattan-community-college-on-coursera-xOygy to start learning today!
MEDICAL ASSISTANT SPECIALIST (MAS)
The Medical Assistant Specialist course at BMCC is an exemplary program graduating highly qualified individuals. This course prepares students to handle a wide variety of tasks in a hospital, clinic, or private medical practice environment; tasks range from taking vital signs to scheduling patient appointments. Training covers a spectrum of administrative tasks as well as patient care procedures. Students who successfully complete both in-class instruction and the experiential learning component may be eligible for the National Healthcareer Association (NHA) certification exam. Textbooks, scrubs, and NHA exam fee are not included in the tuition.

MEDICAL BILLING & CODING (MBC)
This course offers students the skills needed to process and solve insurance billing problems. Students learn basic claim procedures for medical insurance and third party reimbursements by understanding how to manually complete common insurance forms through use of service codes and manuals. Students will also learn how to trace delinquent claims, appeal denied claims, and use generic forms to streamline billing procedures.

Hemodialysis Technician Training
Train to provide care for patients with kidney disease undergoing dialysis treatment.
- Jobs for Health Technicians and Technologists are expected to increase by 16% from 2012 to 2022 (BLS, 2016)
- Become eligible to sit for National Certification Exam
- Make a difference in people’s lives
We will be offering both the online and in-classroom. See page (8) for more information.

INTRODUCTION TO COMPUTERS (A+ CERTIFICATION)
This course provides the student with the knowledge to become industry certified as an entry-level IT professional with the CompTIA A+ certification.

CompTIA’s A+ certification verifies the student has the knowledge equivalent to that of an entry-level IT professional.

INTRODUCTION TO NETWORKS – CCNA
The CCNA certificate covers a broad range of networking concepts and CCNA basics. It helps candidates to study CCNA fundamentals and prepare for the latest network technologies they are likely to work on.

Students in the course will gain a broad range of fundamental knowledge that will enable them to progress in their IT-related careers & be ready for the Cisco CCNA certification.

Students will learn how to install, operate, configure, and test IPv4 and IPv6 networks.

Additional topics include configuration of network components, such as switches, routers, and wireless LAN controllers, managing network devices, and identifying basic security threats.

This course aids in the preparation for the CISCO CCNA Certification exam.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGE (ESOL)
The MEOC offers English for Speakers of Other Language in four different levels (Basic, Intermediate, Advanced and Academic) and level placement is determined by the TABE CLASS-E Assessment. Next ESOL classes are scheduled to be offered in September 2021 during the Fall 2021 semester. Please visit our Admissions page to learn how to apply for the program. Prospect applicants should contact Mr. Juan Rufino (212) 961-4401 juan.rufino@man.eoc.cuny.edu or Mr. Adam Ramirez (212) 961-5412 adam.ramirez@man.eoc.cuny.edu should they need additional assistance with their applications and/or have questions. Both staff are bilingual in Spanish/English.
CUNY in the Heights is located at 5030 Broadway, between 213th and 214th Streets in Manhattan.

Take the A train to 207th Street. Walk three blocks north to 13th and Broadway.

OR

Take the 1 train to 215th Street and Broadway. When you exit the station, walk one block south and the building is on 214th Street and Broadway.
CORPORATE TRAINING SOLUTIONS

Have you noticed a gap between your organization’s needs and your employees’ skills? Whether you need a group of employees trained on a new software application or departments of co-workers trained in new business practices, BMCC has a team of Organizational Development professionals and Subject Matter Expert instructors ready to assist you. BMCC works with employers across Manhattan to design and deliver customized training solutions on a regular basis.

If funding your training is a concern, and depending on the extent of your performance improvement needs, we can also counsel clients on how to access public grant programs to underwrite training activity.

- Writing for Better Business Results
- Diversity in the Workplace
- Managing Conflict Resolution

WHAT CLIENTS SAY ABOUT US...

“McDonald’s Corporation and local Owners and Operators were interested in rolling out a management training program which combined English fluency instruction with Customer Service Skills training to improve the overall customer experience in our restaurants. We needed a training partner to design and deliver the program for employees at the more than 200 restaurants in the five boroughs and have been very pleased with our partnership with BMCC. In particular, the quality of the faculty they identified and trained for us has been exceptional.”

Juan De La Cruz // Owner & Operator // McDonald’s Corporation // New York City

“To address the dire staffing needs of nursing homes during the pandemic in NYC, Long Island and Hudson Valley, 1199SEIU partnered with BMCC to develop a specialty course, titled “Caring for the Ventilated Resident.”

The goal is to equip incumbent CNAs with essential knowledge and skills so that they can effectively assist nurses in taking care of residents in the ventilator care unit. Since the launch of the training program in January, 2021, there have been more than 200 long-term care workers in the three regions who benefited from the course.

We are very excited about the success and thankful for the partnership of BMCC faculty and the Continuing Education staff.”

James Chang // Program Manager of 1199SEIU Training and Upgrading Fund
BMCC Adult Continuing Education strives to provide you with flexible payment plans, so your focus remains obtaining the education and career training you deserve.

**Split Fees/Installment Payments**

Students will be eligible for the following partial payment plans for specific tuition courses that are $1,000 and up:

- For selective Technology and Allied Health courses, students will be required to pay 70% of the course fee by the first day of class, with the balance due before the course reaches the mid-point;
- For Medical Assistant (MAS) and Hemodialysis courses, students will be required to pay 65% of the course fee by the first day of class, with the balance due before the course reaches the mid-point;
- All other courses not mentioned above with a tuition of $1,000 and up will require a deposit of 70%.

Learners will be charged a $25 administrative fee for choosing a split fee/installment payment option.

*For more information contact the Bursars office at (212) 346-8433 or ex. 8423.*

In addition to the tuition payment plan, there are several other payment options available to BMCC’s Continuing Education students, such as:

- Corporate Tuition Reimbursement/ Vouchers
- DC 37 Members
- Helena Rubenstein Scholarship
- My Career Advancement Account (MyCAA)
- NYS & CSEA Partnership for Education & Training
- Workforce1 Individual Training Grant (ITG Vouchers)

*For more information visit www.bmcc.cuny.edu/ce and click on Tuition Options.*
The Center for Continuing Education and Workforce Development offers a variety of courses and workshops that are scheduled throughout each semester. Please refer to individual listings for dates and times.

Telephone: (212) 346-8410
Fax: (212) 785-6832
Email: ace@bmcc.cuny.edu

General requirements for registration are:

- Students must have a high school or high school equivalency diploma
- Students under 18 years of age must have the signature of a parent or guardian on their registration form

The Center of Continuing Education will help you choose the course appropriate for your needs.

Telephone: (212) 346-8410

**IN-PERSON REGISTRATION**

Mon – Thurs; 9:30am – 7:00pm
Tues; 9:30am – 6:00pm
Fri – Sat; 9:00am – 4:00pm

Please go to the Bursar’s Office. Payment may be made by Check, Money Order, American Express, Discover, MasterCard, Visa, or Bank Debit Card. Checks should be made out to: BMCC — City University of New York. We do not accept cash payments.

**PAYMENT OPTIONS**

BMCC Adult Continuing Education strives to provide you with flexible payment plans, so your focus remains obtaining the education and career training you desire. To learn more about our payment options, visit our website and click on “Payment Options” located on the bottom of the page or call (212) 346-8410.

**TUITION REIMBURSEMENT/ CORPORATE VOUCHERS**

A tuition reimbursement or corporate voucher may be used towards our professional development and other certificate training courses. To qualify for tuition reimbursement or a corporate voucher you will need approval from your company’s education assistance department or Human Resources Office. To find out if you qualify, please contact your employer.

**REGISTRATION DEADLINE**

Registration for courses must be completed at least one week prior to the start date of the class.

**REGISTRATION CONFIRMATION**

The Continuing Education Department will forward an electronic confirmation of your registration for a course or program as soon as registration is completed and payment is made. If you do not receive an automatic email confirmation, please contact us at (212) 346-8410.

**LATE REGISTRATION**

Students should register by midnight prior to the first day of the class. If you miss the deadline you will be charged a late registration fee of $25.00. A $10.00 fee will be applied for each late payment on an existing balance. After the second class session has begun, course registration is closed.

Registration for Au Pair Experience courses closes before the first class begins.

**ONLINE REGISTRATION, CURRENT STUDENTS**

To register online, visit [www.bmcc.cuny.edu/ce](http://www.bmcc.cuny.edu/ce). View current listings of courses and availability.

**DISCOUNT POLICY**

Continuing Education offers discounts for participation in instructor-facilitated courses hosted in Manhattan. However, we cannot extend discounts for participation in our online courses. Discounts are available as follows:

- 5% off tuition rate for BMCC Alumni (students who earned an Associate Degree from BMCC).
- 5% off tuition rate for Senior Citizens, CUNY employees, or students who previously participated in a BMCC Continuing Education course.
- 5% off tuition rate for students who previously attended the open house session for all programs (restrictions may apply).
- 5% off for returning students who have taken classes at Borough of Manhattan Adult Continuing Education Department.

Please note: discounts are only available for courses that are $800 and up; discounts CANNOT be combined. Some restrictions may apply. Discounts are not applicable towards all classes.

**BOOKS & MATERIALS**

Students are responsible for the purchase of required textbooks or other course materials. The costs of these are not included in the tuition price, unless otherwise indicated.
REFUND & DEADLINE POLICY
1. Each program or course may have unique attendance and academic policies that, if not adhered to, will result in dismissal with no tuition refund.

2. Students unable to attend the courses they have registered for must, in writing, inform the Continuing Education department that they wish to withdraw. Failure to complete the course DOES NOT entitle the student to a tuition refund.

3. Failure to attend a class, or dismissal from class due to lateness, does not entitle a student to a refund. A student is still liable for full payment of the course.

4. No refunds or credits will be issued on the first day of class for classes that meet only 1 or 2 days and/or four sessions or fewer. Refunds are processed in the order they are received and may take up to 4 to 6 weeks to be processed.

5. Tuition courses purchased by credit/debit card account will be refunded to the same credit card account number.

6. A nonrefundable penalty of $25 will be applied toward each late payment and a $10.00 fee for a stop-payment (subject to change without notice).

7. A nonrefundable penalty of $10.00 will apply toward late registration for a tuition course (subject to change without notice).

COMMUNITY SWIM PROGRAM
REFUND POLICY
1. Refunds are computed as of the date the Bursar’s Office is notified of the withdrawal.

2. Withdrawal or refund requests cannot be made by telephone, or by other means (i.e. instructor, pool guard etc.) All refund requests must be submitted in writing. Email is acceptable.

3. Refunds are granted if your written request to withdraw is received by our Bursar’s Office as per the schedule listed below.

4. Requests sent by mail will be considered by the date they are postmarked.

5. Refunds will be made to the credit card used, or by check, only to the payer of record. There will be no cash refunds.

6. Refunds for online courses are governed by specific rules associated with each provider. Online Certificate programs do not offer refunds once the individual begins using the course resources. After the second class session, no refunds or credits will be granted.

For Classes meeting 5 Sessions or more:
• Up to 2 business days before the first class session, the student will receive a 100% refund or 100% tuition credit letter.
• Before the second class session, 50% tuition refund or 100% tuition credit letter.
• After the second class session, NO tuition refund.

RETURNED CHECKS
In accordance with City University of New York regulations, all students whose checks are returned from the bank for insufficient funds are liable for the amount of the checks plus a $30.00 reprocessing fee.

COURSE CANCELLATION/CHANGES
All Continuing Education courses are subject to minimum enrollment. When the college, for any reason, cancels courses, students may transfer to another course or receive a full refund.

BMCC Center for Continuing Education and Workforce Development, reserves the right to withdraw or modify course offerings or cancel any class for which there is insufficient enrollment. Course locations, dates, fees, and instructors may also change when necessary. If a course is cancelled due to an instructor, facility, or weather issue, the total number of hours for the course will be honored. The course participants, in consultation with the instructor, will agree to either extend the course by an additional session, or add time to the remaining sessions in order to accommodate the contract hours missed as a result of the cancellation.

TAX DEDUCTIONS
Continuing Education expenses (tuition, travel, meals, and lodging) for courses taken to maintain and improve professional skills may be tax deductible. Please check with your tax professional for clarification on deductions.

WEATHER CLOSING POLICY
BMCC is occasionally closed due to extreme weather conditions. In the event of a blizzard...
or other hazardous weather conditions, please tune to 1010 WINS AM radio notification, NY1 television, the college website for a formal college closure announcement, or call (212) 346-8410.

STATEMENT OF NON-DISCRIMINATION

Borough of Manhattan Community College, The City University of New York (CUNY) is committed to providing equal opportunity to all persons without regard to race, color, religion, national or ethnic origin, age, gender, sexual orientation, transgender, disability, genetic redisposition or carrier status, alienage or citizenship, status as victim of domestic violence, or marital, military, or veteran status. It is a violation of this policy for any member of the college community to engage in discrimination or to retaliate against a member of the community for raising an allegation of discrimination, filing a complaint alleging discrimination or for participating in any proceeding to determine whether discrimination has occurred. For details and complete Information, go to: http://www.bmcc.cuny.edu/academics.

RETAKE POLICY

BMCC ACE is under no obligation to allow students currently enrolled to retake ACE courses. However, consideration will be given to student requests on a case-by-case basis. Should such a request be granted, the following conditions will apply subject to further restrictions:

Repeating Classes for Students Enrolled in Certificate Programs:

• Students cannot request to re-take a course in which they have earned a grade of C- or better.

• If the student has not completed the course with a grade of D or better and the course/grade is necessary to satisfy the certificate requirements, the course may be repeated once at the discretion of the College.

• If approved, retakes will be subject to the availability of the next class and confirmed student enrollment.

• If a student is unable to complete or has to drop a course, students are obligated to state in writing the reason and send the statement to the attention of BMCC’s ACE Bursar.

• Students dropping the course must pay off the remaining balance due to Continuing Education before attempting to register for a retake course.

• With all retakes, there is a registration fee of $25.00 in addition to $25.00 administrative and processing fees.

• Students with a poor attendance record will not be eligible to request a retake of the course.

In the event a retake request is rejected, Students may repeat BMCC’s ACE courses at the current listed price subject to any remaining conditions.

OTHER STUDENT FEES

I. Administrative Fees

Continuing Education students with partial payment agreements are charged a non-refundable student administrative fee of $25.00.

II. Registration Fees

A non-refundable registration fee of $15.00 will be applied to all courses (subject to change).

III. Replacing ID card fee

Students who have lost their BMCC Continuing Education ID card should go to the Bursar’s Office for a replacement. A $10.00 fee is charged for replacing lost or missing cards.

IV. Cost and Fees for Transcript

Unofficial transcripts for non-degree programs are issued without charge to all students upon completion of the course. Original Official transcripts will be charged at $20.00. The standard fee for each additional Official copy is $7.00. These fees are non-refundable.

V. Certificates

Original certificates for non-degree programs are issued without charge to all persons completing certificate programs. Replacement or supplementary copies of your original certificate will be charged a $20.00 non-refundable fee.

VI. Late Payments

All payments are due on the selected due date. If payments are not received by the due date, a non-refundable late fee of $25.00 will be assessed for each missed payment. It is the student’s responsibility to inform BMCC Continuing Education Bursar’s Office should you have difficulty in meeting your tuition obligation, so that special arrangements and adjustments to your partial agreement can be made in writing. The partial payment plan must be agreed upon by all parties.

COLLEGE RULES AND REGULATIONS

All participants of BMCC Center for Continuing Education and Workforce Development program must follow the College’s rules and regulations. The college reserves the right to change or modify its regulations, curriculum, courses, tuition, fees, or any aspect of its programs, policies, and procedures. This can include, but is not limited to, class schedules, substitute instructors, and class cancellation, at its discretion.

For updated policies, please visit our website and click on “Policies” located on the bottom of the page or call (212) 346-8410.
